Break the Silence on Violence Against Women

One in every four women will experience domestic violence in her lifetime.

Women 20-24 years of age are at the greatest risk of intimate partner violence.

Boys who witness domestic violence are twice as likely to become abusers as adults.

Donations for the HIGH Program will be accepted at this event.

All supplies will be provided.

Shirts will be part of WSU’s Clothesline Project, which will be displayed in the Undergraduate Library throughout the month of October in observance of Domestic Violence Awareness Month.
