invites you to support

The Pledge Project

Thursday, September 28, 2017 · 11am - 2pm
Gullen Mall

The Pledge Project is an opportunity for people to pledge their commitment to anti-violence initiatives. By putting handprints on the banner, participants are creating a visual statement against violence and declaring that they will not use their hands to hurt another person.

One in four women will experience domestic violence in her lifetime. Help end the hurt.
