ABOUT "IT'S A GIRL" THE MOVIE

In many parts of the world today, girls are killed, aborted and abandoned simply because they are girls. The United Nations estimates as many as 200 million girls are missing because of this so-called "gendercide." The film tells the stories of abandoned and trafficked girls, women who suffer extreme dowry-related violence, mothers fighting to save their daughters' lives, and mothers who would kill for a son. Global experts and grassroots activists put the stories in context and advocate different paths towards change, while lamenting the lack of any truly effective action against this injustice.
